CUSTOM EXHIBITS & DISPLAYS

At MODS International, we create trade show and event displays that **stand out** from the crowd. By using shipping containers, we are able to create unique, portable designs that are well suited for both indoor and outdoor venues.

We're known for our innovation and quality. With our vast experience in construction and design, MODS can provide you a turnkey, unique approach to any type of promotional event you have. Our team works closely with you to create a design that meets your needs and impresses the crowd.

ENDLESS
POSSIBILITIES

THE PROCESS

DESIGN

Your ideas come to life in our design department. We work with you to create a floor plan and 3D concept with your company's branding and vision in mind.

FABRICATION

Your display will be built at our shop in a controlled environment to ensure quality and craftsmanship in a timely manner.

DELIVERY

You can expect quick deployment and safe handling of your display. Once transported to your event site, we take care of the onsite installation.

WHY USE MODS?

ADVANTAGES:

- Mobile and easy to transport
- Attracts attention
- Quick set-up
- Easy storage
- Eco-friendly
- Custom design and branding
- Can be set up with electric and water
- Turn-key options

We want your next trade show or event to be as successful as possible. Our custom displays are specifically designed to promote your brand, reduce costs, and attract new customers at all your events.
